

Dear Yeshaya Grover,

We are pleased to confirm that Yeshaya Grover from Sardar Patel Vidyalaya successfully completed her internship with Udhyam from 07/06/2024 to 13/06/2024. During this period, she demonstrated exceptional dedication and a strong work ethic, contributing positively to our project.

During her mountain internship, she worked with our eco-tourism entrepreneur from Nainital, Mr. Jeevan Dangwal, and explored the impact of tourism on the local economy, community, and environment. She bonded with the locals, experienced their culture, enjoyed local food, and learned eco-friendly practices.

In the camp, she excelled at creating documents, building a customer database, and managing social media. Yeshaya's ability to handle these tasks with creativity and precision greatly benefited our entrepreneur and showcased her potential for future success.

Yeshaya's visit to the village was particularly impactful, as she interacted with the women and encouraged them to get the cervical cancer vaccine. She also promoted the idea of donating hair for a cause, showing her commitment to community well-being and social awareness.

This internship was a fantastic exchange of knowledge for both her and the camp owner, Mr. Jeevan Dangwal.

We appreciate the positive attitude and willingness to learn that she brought to Udhyam. Her efforts have not gone unnoticed, and we are grateful for her contribution to our team. It was a pleasure working with Yeshaya, and we hope this internship has provided valuable experience for her career development.

Thank you once again to Yeshaya for her contribution to our team. We wish her continued success and hope she will stay in touch..

Sincerely,

Mr Pankaj Wadhwa
